

PRESS RELEASE

SPEAKER OPPORTUNITIES AT THE GREEN CONNECTIONS CONFERENCE 2018

The Swedish American Chamber of Commerce San Diego (SACC SD) and The Finnish American Chamber of Commerce San Diego (FACC SD) are hosting the 7th annual cleantech conference Green Connections at the SDG&E Energy Innovation Center on the **15th of November 2018**. The Green Connections Conference focuses on **Energy Storage, Renewable Energy and Demand Response**.

Green Connections brings together scientists, visionaries, experts, investors, and decision makers from the **Southern California** and **Nordic regions** to exchange knowledge, ideas, and technologies within the fields of Energy Storage, Renewable Energy and Demand Response. The conference is designed to **foster partnerships** to reduce the carbon footprint on the planet, while creating **business opportunities**. In addition to the conference, a **Nordic trade mission** will be held which will be consisting of Swedish and Finnish companies.

We are now looking for speakers for the conference! If interested, please send an application to Cecilia Edehult (SACC SD) or Maija Tunturi (FACC SD).
